Revised Policy with Recommended Changes

509 PART-TIME EMPLOYEES

A. An employee who works less than 30 hours a week shall be considered part-time. Part-time employees shall not accrue benefits other than annual leave and sick leave hours prorated by percentage of hours worked of a normal work schedule. The leave may not be used until the probationary period has been completed.

Prorated benefits calculation: Benefits will be accrued at a rate proportional to the number of hours worked compared to a full-time schedule of 40 hours per week. For example, an employee working 20 hours per week (50% of full-time) will accrue 50% of the standard full-time benefits.

B. Each permanent part-time employee (minimum 20 hours per week) is entitled to vacation, sick leave, and personal days commensurate with the number of hours employed per week; forty hours per week being understood as full-time employment.

C. Temporary part-time; In a situation where a full-time employee is on an approved leave of absence or for some reason a position is vacant for an extended period **of time** that position may be filled on a temporary basis. The temporary employee hired must meet the qualifications of the position he/she is filling and will be paid the hourly rate for that position. While on duty the temporary employee will fulfill the duties and responsibilities of the position filled as set down in the full-time employee's job description. The temporary employee will not accrue or receive any benefits except Worker's Compensation. **Temporary part-time employment shall not exceed a duration of six months unless an extension is approved by the Executive Director.**

510 NEPOTISM

No person shall be selected to work in any department supervised by a member of his/her immediate family, with the exception of family members employed prior to adoption of this policy. Immediate family members include: Husband Wife Father Father-in-law Daughter Daughter-in-law Mother Mother-in-law Sister Sister-in-law Son Son-in-law Step-Father Step-Son Step-Mother Step-Daughter **Domestic partners, grandparents, and grandchildren are also considered immediate family members to avoid potential conflicts of interest.**

511 HOURS OF WORK

A. Tardiness

Employees are expected to observe the established hours for their position. Repeated tardiness may make one subject to discipline or termination. Employee should provide notification if tardiness is foreseen thirty (30) minutes before agreed arrival time.

B. Absence

If the necessity for being absent for any reason can be anticipated, the employee shall notify the Office Manager in advance. If an employee is unexpectedly absent due to illness or other emergency, the Office Manager shall be notified as soon as it becomes apparent that employee cannot work, and they should be kept informed thereafter as to the probable duration of the

absence. Failure to notify the Office Manager on more than one (1) occasion of any absence shall be cause for discharge.

C. Office Hours

The Association's Executive Director is responsible for the supervision of all staff and the daily operations of the Association office. Regular office hours and revisions thereof are at the discretion of the Executive Director in keeping with a high level of responsive service during generally acceptable normal operational hours. Overtime will not be paid to salaried employees.

D. Flextime If a salaried employee desires a work schedule other than 8:00 to 5:00, Monday through Friday, that employee must discuss the change in hours with the Executive Director. Every attempt will be made to work out a flexible schedule while still maintaining coverage of services to this agency, clients, and consideration of co-workers. Once a flexible schedule has been worked out, the employee will prepare the schedule for signatures of the employee and Executive Director. The original will be placed in the employee's file and a copy given to the employee and the Director. Flex-time arrangements may be revoked or modified at any time by the Executive Director to ensure the needs of the agency and its clients are met.

E. Covid-19 Policy All employees, contractors, and volunteers are required to follow health and safety protocols set forth by the Executive Director or designee. This section will be regularly updated to reflect the latest public health guidelines and specify any remote work or hybrid work arrangements, if applicable.

F. Abandonment of Position Policy the Policy of the Oklahoma Association of Youth Services states that employees must communicate their intent of absences, when possible, before their scheduled work time. If an employee fails to appear for work during a regularly scheduled workday or an assigned time extending beyond regular work hours for three consecutive days without proper notification, the employee's absence shall be interpreted as a voluntary resignation. The Association's Executive Director, or designee, will communicate with the employee and arrange for final payment for days worked. This policy supersedes prior leave policy in that the employee forfeits any additional compensation of accrued vacation/leave days. Proper notification of absence must be:

1. To the employee's immediate supervisor or designee
2. Made via telecommunications or email
3. Communicated by the employee.

512 PAY PERIODS AND PAY DAYS

The Oklahoma Association of Youth Services pays twice each month. Salaried personnel will be paid one half of their monthly salary on the 15th and one half on the last day of the month. **Direct deposit is optional for payroll to accommodate employee preferences.**

513 COMPENSATIONS FOR OVERTIME AND HOLIDAYS

A. Professional Staff

Due to the nature of Association business, employees will be required to be on call with their hours being flexible. The Executive Director will be responsible for assigning work schedules for

Association employees. Administrative and program staff must take the designated Holidays unless approval is received from the Executive Director or Office Manager.

B. Paid Holidays New Year's Day Thanksgiving Day President's Day Friday following Thanksgiving Memorial Day Christmas Eve and Christmas Day Independence Day Employee Birthday or other approved day Labor Day Martin Luther King's Birthday Veteran's Day

C. Overtime

In compliance with the Fair Labor Standards Act, all non-exempt workers are entitled to a minimum wage of not less than the correct Federal Minimum Wage. In addition, all non-exempt workers ("WH Publication 1325, Revised October, 1982") are entitled to overtime at not less than one and one-half times their regular rate of pay after 40 hours for work in this agency's official work week.

The agency's official workweek for figuring overtime will be Sunday at 12:00 a.m., through Saturday at 11:59 p.m.

Exempt and Non-Exempt Employees:

Definitions:

- **Exempt Employees:** Employees who are not entitled to overtime pay under the Fair Labor Standards Act (FLSA). To be classified as exempt, an employee must meet both the salary threshold and the duties test as defined by the FLSA. Exempt employees are typically in executive, administrative, or professional roles.
- **Non-Exempt Employees:** Employees who are entitled to overtime pay for hours worked over 40 in a workweek. These employees do not meet the criteria for exemption under the FLSA.

The following agency positions are considered exempt from eligibility for overtime pay for hours worked over 40 in the agency's official work week, based on meeting both the salary threshold and duties test criteria as defined by the Fair Labor Standards Act (FLSA):

Exempt Employees: To be classified as exempt, an employee must meet the salary threshold and the duties test as defined by the FLSA. As of January 1, 2025, the salary threshold is \$1,128 per week (\$58,656 annually). Exempt positions include:

- **Executive Director:** Primary duty is managing the enterprise or a recognized department/subdivision, regularly directs the work of at least two full-time employees, and has the authority to hire or fire employees.
- **Program Director:** Primary duty is managing a specific program or department, regularly directs the work of at least two full-time employees, and has the authority to hire or fire employees. This position typically meets the salary threshold and duties test for exemption.

All overtime shall require the Executive Director's approval.

Non-Exempt Employees: All other employees who do not meet the salary and duties test criteria are classified as non-exempt and are eligible for overtime pay.

- **Office Manager:** Performs office or non-manual work directly related to management policies or general business operations and exercises discretion and independent judgment on significant matters.
- **Administrative Assistant:** Similar to Office Manager, with duties involving discretion and independent judgment on significant matters. **However, this position typically does not meet the salary threshold of \$1,128 per week (\$58,656 annually) and therefore is classified as non-exempt.**
- **Communications Specialist:** Requires advanced knowledge in a field of science or learning, predominantly intellectual work, and consistent exercise of discretion and judgment. **However, this position typically does not meet the salary threshold of \$1,128 per week (\$58,656 annually) and therefore is classified as non-exempt.**
- **Program Staff:** Includes roles that meet the professional exemption criteria based on duties involving advanced knowledge acquired by a prolonged course of specialized intellectual instruction. **However, these positions generally do not pay more than \$45,000 annually and therefore are classified as non-exempt.**

Note: Any position could be classified as exempt if the employee meets the salary threshold of \$1,128 per week (\$58,656 annually) and performs duties that meet the criteria for the executive, administrative, or professional exemptions as defined by the FLSA.

Recording Time for Non-Exempt Employees:

Non-exempt employees must accurately record all hours worked to ensure compliance with the Fair Labor Standards Act (FLSA). The following guidelines outline the procedures and best practices for time tracking:

1. Clocking In and Out:

- Employees must clock in at the beginning of their shift and clock out at the end. This also applies to any unpaid breaks.
- Clocking in or out for another employee is strictly prohibited and will result in disciplinary action.

2. Lunch Breaks and Breaks:

- Non-exempt employees must take their lunch breaks and any other designated breaks away from their desks or workstations to ensure these periods are unpaid.

- Employees are required to clock out during lunch breaks. Returning to work during this time without clocking in will be considered working off the clock and is not permitted.
- Breaks of 20 minutes or less are generally considered paid time and should not be recorded as unpaid breaks.

3. Working Off the Clock:

- Employees are prohibited from performing any work-related tasks outside of their recorded hours. This includes answering emails, taking phone calls, or completing any work-related duties.
- Any work performed outside of scheduled hours must be reported to a supervisor and recorded accurately.

4. Accurate Time Reporting:

- Employees must report any discrepancies or missed punches to their supervisor immediately to ensure accurate timekeeping.
- Falsifying time records, including underreporting or overreporting hours, is grounds for disciplinary action up to and including termination.

5. Supervisor Responsibilities:

- Supervisors are responsible for reviewing and approving time records to ensure compliance with these guidelines.
- Supervisors must not encourage or allow employees to work off the clock.

6. Regular Audits:

- Periodic audits of time records will be conducted to ensure compliance with timekeeping policies and to identify any discrepancies.

Workweek Adjustments:

- All work hours must be recorded within the defined workweek (Sunday at 12:00 a.m. through Saturday at 11:59 p.m.).
- Adjustments to work hours must be made within the same workweek. Hours cannot be carried over to the next workweek.
- Compensatory time off (comp time) in place of overtime pay is not permitted for non-exempt employees.

Proposed Company Vehicle Policy

Purpose

The purpose of this policy is to establish the standards and guidelines governing the use, maintenance, and insurance of vehicles owned or leased by the Oklahoma Association of Youth Services (OAYS). The policy ensures compliance with legal requirements, promotes safety, and protects the organization from risk.

Scope

This policy applies to all OAYS employees, volunteers, and other authorized individuals who may operate or be responsible for organizational vehicles.

Policy Statement

OAYS is committed to maintaining a safe and efficient system for the use of organizational vehicles. Vehicles will be used exclusively for organizational purposes, maintained in safe working condition, and covered by appropriate levels of insurance. Only authorized drivers who meet the eligibility requirements set forth in this policy may operate OAYS vehicles.

Authorized Drivers

Only employees or volunteers who are explicitly authorized by OAYS management may operate an OAYS vehicle. Authorized drivers must hold a valid Oklahoma driver's license, maintain a driving record that meets the standards set by the organization and its insurance carrier, and consent to an annual motor vehicle record (MVR) check. If an MVR check reveals a record that increases organizational insurance premiums or otherwise places the organization at risk, the individual will be removed from the list of authorized drivers. The individual may not operate an OAYS vehicle until the situation is resolved and written authorization is reinstated.

Permissible Vehicle Uses

Organizational vehicles may only be used for approved business purposes, such as transportation for client services, attendance at professional meetings, or other official organizational duties.

Insurance Requirements

OAYS vehicles must be always insured with coverage that exceeds the minimum requirements of Oklahoma law. The organization will maintain liability coverage of no less than \$100,000 per person for bodily injury, \$300,000 per accident for bodily injury, and \$100,000 for property damage, as well as comprehensive and collision coverage for vehicle protection. Proof of insurance will be always carried in each vehicle. The organization will review and renew insurance policies annually or as needed to ensure continuous and adequate coverage.

Vehicle Maintenance

All OAYS vehicles will be maintained in accordance with the manufacturer's guidelines and applicable safety standards. Routine maintenance, including oil changes, tire rotations, and brake inspections, will be performed as scheduled. Safety inspections will be conducted regularly to identify and address any potential issues. A designated staff member will oversee the maintenance schedule, ensure timely completion of required work, and maintain detailed records of all maintenance activities.

Documentation Requirements

OAYS will maintain records for both drivers and vehicles to ensure compliance with this policy. Driver records will include a copy of a valid driver's license, annual MVR check results, and a signed acknowledgment of this policy. Vehicle records will include maintenance logs, insurance documentation, and mileage and usage logs.

Accidents and Incident Reporting

In the event of an accident, damage, or other incident involving an OAYS vehicle, the driver must immediately notify their supervisor or another appropriate manager. The driver must complete an incident report form within 24 hours and fully cooperate with any insurance investigations or legal proceedings.

Compliance

All authorized drivers are required to comply with state and local traffic laws. Drivers and passengers must wear seat belts at all times. The use of mobile devices while driving is prohibited unless hands-free technology is used.

Policy Violations

Any violation of this policy may result in the suspension of driving privileges or other appropriate disciplinary action as supported by OAYS policy.

Review and Amendments

This policy will be reviewed periodically by OAYS management and the Board of Directors to ensure it remains relevant and compliant with legal and organizational requirements. Amendments may be made as necessary to address changing circumstances or improve safety and efficiency.

Personal and Business Use of Organizational Vehicles **Limited Personal Use Authorization**

Employees or volunteers may use OAYS vehicles for personal purposes under the following conditions:

1. Personal use is limited to local travel within a designated radius of 10 miles from the primary work location or the driver's residence.
2. Personal use for out-of-town trips, defined as any travel beyond the designated mileage radius or outside the specified geographic boundaries, is strictly prohibited.

Business-Related Use for Out-of-Town Trips

OAYS vehicles may be used for out-of-town trips if the travel is directly related to official OAYS business. Examples of authorized out-of-town business use include attending conferences, transporting clients, or participating in meetings or events on behalf of the organization.

Permissible Personal Uses

Permissible personal uses include incidental errands or local travel that does not interfere with the vehicle's availability for organizational purposes. Personal use must be consistent with other provisions of this policy, including adherence to traffic laws, avoidance of high-risk activities, and ensuring the safety of all passengers.

Prohibited Uses

Personal use may not involve out-of-town trips, transporting unauthorized passengers, engaging in activities that cause excessive wear or damage to the vehicle, or any use that violates this policy or state law.

Documentation and Monitoring

Drivers must maintain accurate records of both personal and business-related trips. For business trips, records must include details such as the date, purpose, destination, and mileage. Personal use trips must also be logged to ensure compliance with this policy and facilitate the tracking of vehicle wear and fuel consumption.

Financial Responsibility

If personal use results in additional fuel, toll, or maintenance expenses, the driver may be required to reimburse the organization for those costs.

Authorization Process

Personal use and out-of-town business travel must be approved by OAYS management in advance. Drivers are required to sign a written acknowledgment of their responsibilities and the limitations of vehicle use.

Revocation of Privileges

Any misuse of the vehicle, failure to comply with documentation requirements, or violation of this policy may result in the suspension or revocation of driving privileges.
